Apprenticeships

START YOUR CAREER THROUGH A CATERING APPRENTICESHIP!

A guide for young people.

DID YOU KNOW...
Chefs can be promoted from apprentice to a kitchen management role in a few years. They are in high demand across the country, making it a great choice for those looking to progress to the top. Most importantly, you don't need previous experience to get started. If you have a passion for food, like working as part of a team and are ready to learn, this could become your lifelong career.

AN APPRENTICESHIP IS A JOB WITH A SALARY
You'll also study the equivalent of one day per week to build skills in your chosen profession. The combination of practical work and classroom teaching means you can put into practice the things you learn. You'll gain skills such as communication, teamwork, problem solving and IT. You'll be well on your way to achieving your career goals while others are just getting started.
